Customer problem statements written from the traveller's point of view.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A college student planning a holiday with limited funds	plan a multi-day trip within a small budget	I do not know which places, food and transport fit my budget	information is scattered across many websites and blogs	Confused
PS-2	A first-time traveller visiting an unfamiliar destination	get a practical day-by-day schedule	I cannot tell how many activities fit in a day	generic lists ignore my interests, pace and trip length	Worried about wasting time
PS-3	A working professional with a short leave	get a ready plan quickly and keep it handy offline	manual research takes hours and plans get lost	plans live in notes, chats and browser tabs, not one place	Relaxed because the plan is ready
